Data is current as of July 19, 2021. Decimals have been rounded to the nearest whole number.

\* While SCE has reported 7%, this data reflects an error in calculation method. This data point should calculate, for only the 7 successful SCE ERAP sample applicants, the relief received divided by the debt owed. SCE has instead calculated the amount of relief received by customers who have been validated by SCE to HCD, resulting in a lower amount than other IOUs have reported.
